A lebre e a tartaruga

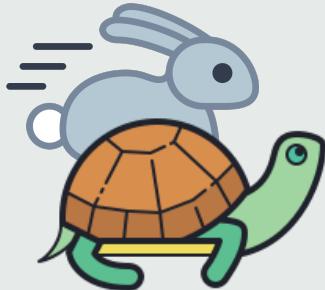

Um certo dia, numa floresta, a lebre riu da lentidão da tartaruga.

A tartaruga, sorridente, respondeu: “Se estivéssemos em uma corrida, eu venceria”

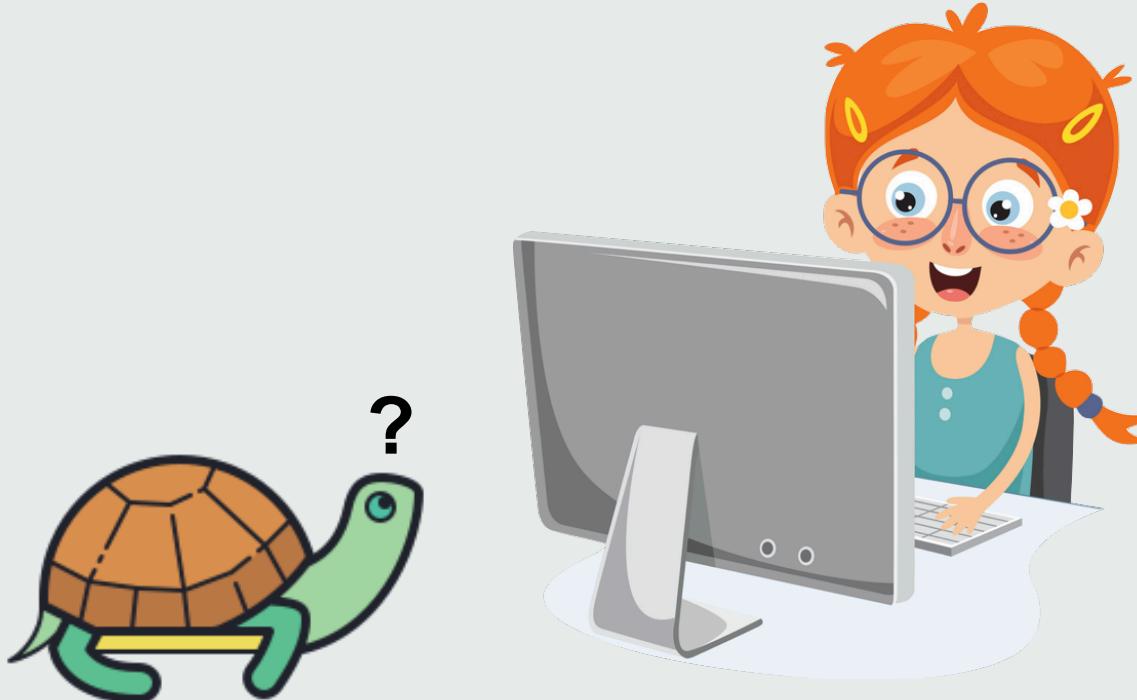

A lebre e a tartaruga

A lebre aceitou o desafio, confiante de sua vitória.

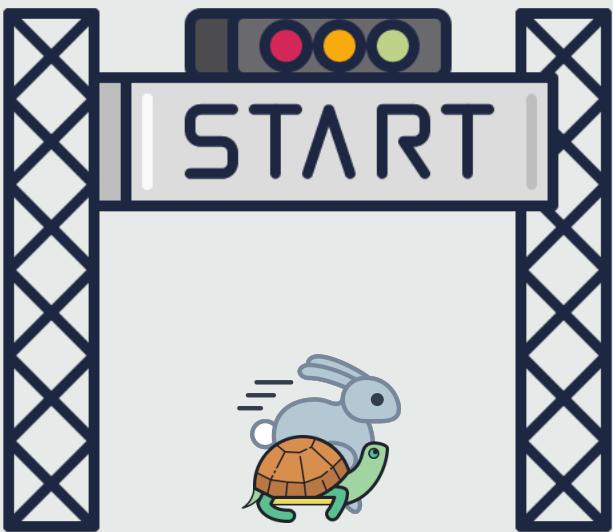

Eles convidaram a raposa para ser a juiza da competição, além de definir o trajeto e o ponto de chegada.

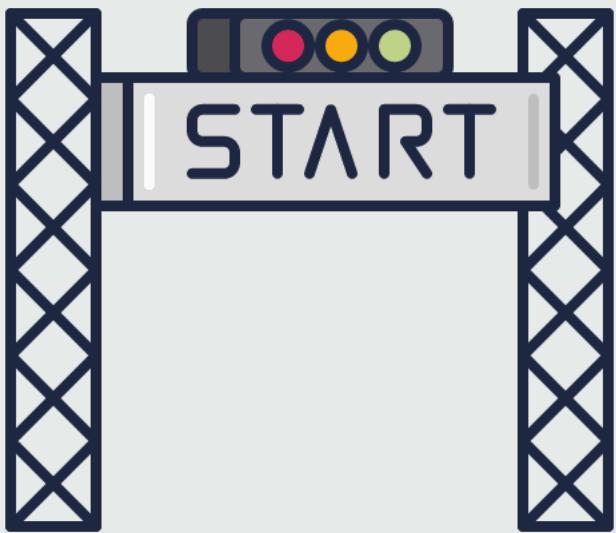

Vamos ajudar a tartaruga com programação?
